

Project Developed :

Mustafa Bharmal :	92100133078
Yash Vara:	92100133056
Aryavardhan Sharma:	92100133081

Project description:

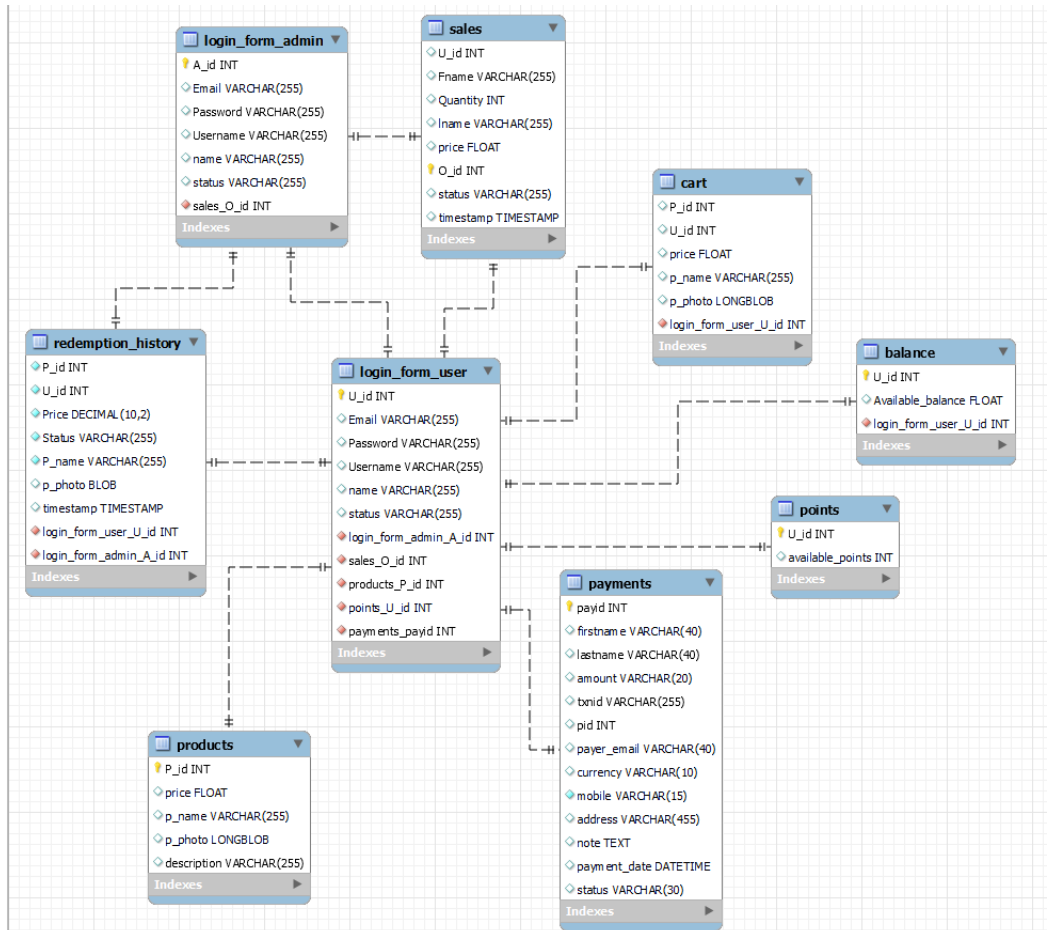

Our project aims to develop a comprehensive platform that connects clients (dealers) and a company, enabling clients to order products directly from the company and earn points in return. The platform will offer a wide range of gifts that can be redeemed using the earned points, including everyday items such as phones, headphones, speakers, makeup kits, and more.

The platform will have two distinct sides, an admin side, and a client side, each with its own set of functions. Admins will have the ability to create new gifts, confirm gifts redeemed by the user (dealer), add new clients and peers to the platform, and offer discounts on orders based on dates.

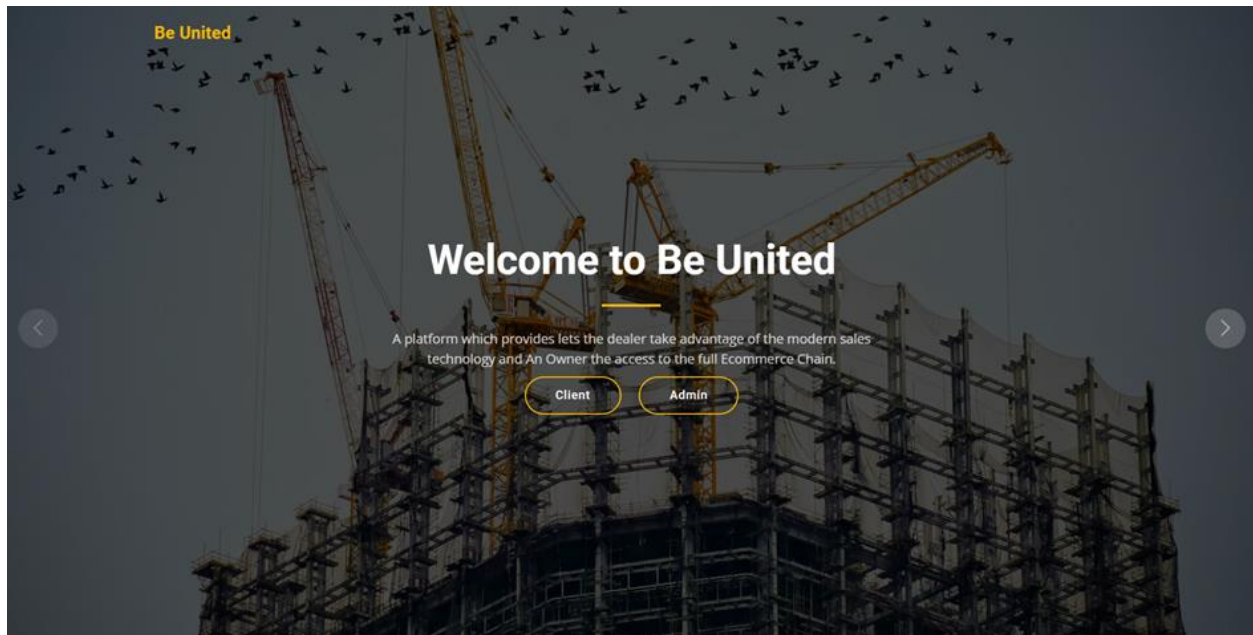

On the other hand, clients will be able to place orders, earn points, and redeem them for gifts from the gift section, which will resemble an e-commerce platform, complete with options like Cart, Place order, and many more. The platform will also feature a dashboard that displays important data such as points, sales of the month, and more.

To ensure a seamless user experience, the platform will provide multiple payment options before placing an order. Our project aims to provide a user-friendly and efficient platform that enhances the overall experience of both clients and admins.

Er-Diagram:

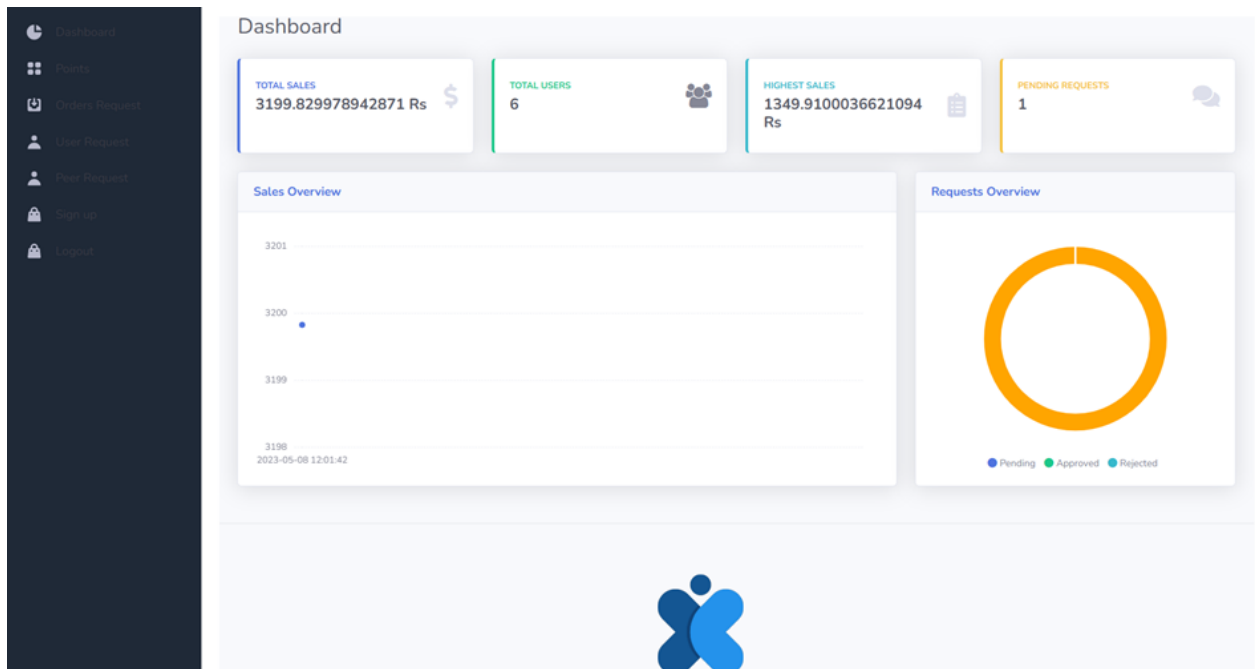

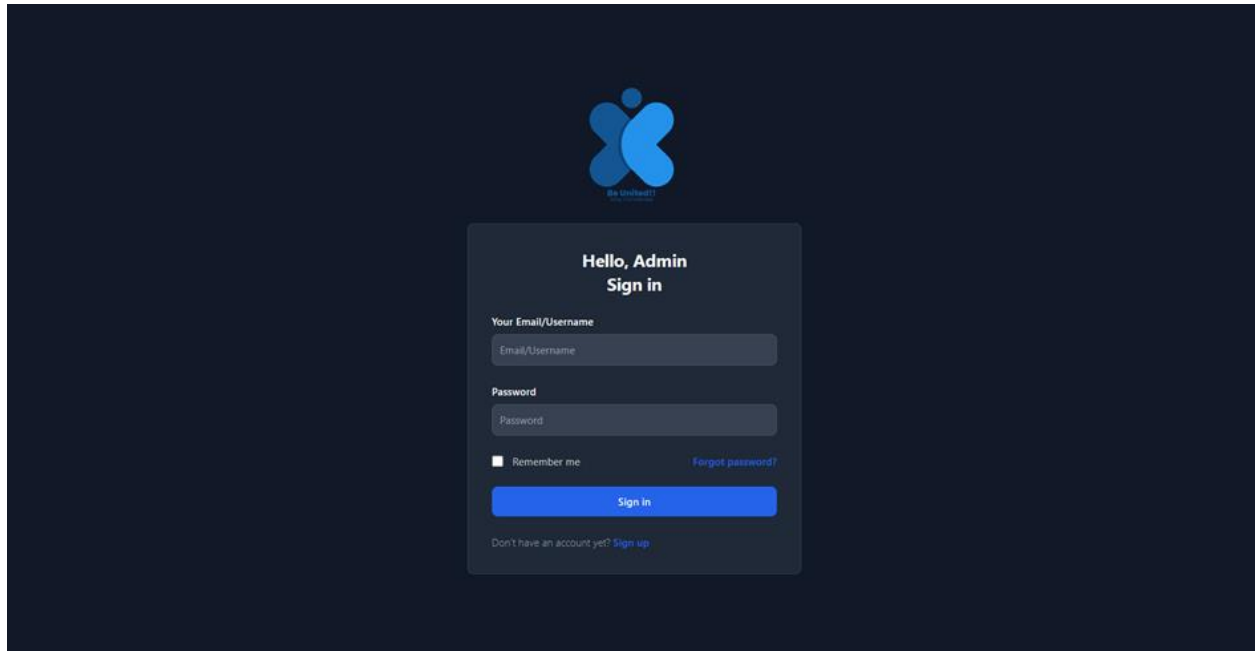

Index page :

ADMIN SIDE :

The admin sign-up form is displayed on a dark background. At the top center is the 'Be United' logo. The form is titled 'Hello, Admin Sign up'. It contains the following fields and elements:

- Name:** A text input field with the placeholder 'First name'.
- Your Email:** A text input field with the placeholder 'Email'.
- Your Username:** A text input field with the placeholder 'Username'.
- Password:** A text input field with the placeholder 'Password'.
- Confirm Password:** A text input field with the placeholder 'Confirm Password'.
- ☐ **Remember me**
- [Forgot password?](#)
- Sign up** button
